The Minion Crew Saves Lucy

A long, long, long time ago, 2000 years ago to be exact, Dr Grue made a big rocket.
Kevin, Bob and Stuart the minions, helped Dr Grue make the rocket.
Lucy found a lava shark and she was riding the lava shark in a big volcano.
Dr Grue launched the rocket but the wire on the rocket got stuck and the rocket fell into the volcano.
Lucy and the lava shark were trapped in the volcano under the stuck rocket.
Luckily the minions were following the rocket in their car. They drove their car to the volcano.
Kevin, Bob and Stuart cut the wire on the rocket and it fell off Lucy and lava shark.
Lucy and the lava shark swam away to safety and the minions launched the rocket into space.
