Healthy choc balls

These cute little chocolate balls are made in the food processor with dates, nuts and, best of all, there's absolutely no cooking involved!

Ingredients

1 cup walnuts/almonds

15 pitted dates, soaked in water for 1 hour

1/4 cup sultanas

1/4 cup cocoa

2 tsp water

Method

1 Into a food processor add your walnuts/almonds and process until crumbly.

2 Add your pitted dates and sultanas, process again.

3 Add cocoa and mix again and then add your water with as much as you need to bring it all together in a dough-like consistency.

4 Roll tablespoon-sized balls, place in fridge to set before eating.

Spaghetti Bolognese

Serves 4-6

Ingredients

2 tablespoons olive oil

1 onion, finely chopped

Stalk celery, finely chopped

1 carrot, finely chopped

Garlic, finely chopped

400g mince

½ cup beef stock

400g can tomatoes

3 tablespoons double cream

Salt and pepper to taste

500g spaghetti

Freshly grated parmesan cheese

Method

Combine oil, onion, celery, carrot in a large pot/pan and sauté over medium heat until onion has softened (about 5 mins). Add garlic and stir for 2 minutes.

Add mince and cook, stirring constantly until the mince turns brown (about 5 minutes). Add stock and bring to boil and simmer until the liquid has evaporated.

Add the tomatoes, bring to the boil and simmer until the sauce has thickened. Add the cream and simmer a further 5 minutes. Season to taste with salt and pepper and keep warm.

Meanwhile cook the spaghetti in plenty of salted boiling water until al dente (refer to packer for cooking time).

Drain pasta and place on a serving plate. Pour the sauce over the pasta and toss well. Add parmesan cheese and toss again. Serve immediately.
